

## LAB2: MIN-MAX

Input:

```
num=int(input("Please enter the size of the array:"))
arr=[]
for i in range(0,num):
    l=int(input())
    arr.append(l)
print(arr)
```

✓ 37.7s

[45, 67, 23, 69, 90, 12]

Output:

```
Max of the array is: 90
Min of the array is: 12
```
